PIONEER OF PEACE

At Amity, we believe that true education lies in cultivating leadership, empathy and an unwavering sense of purpose. We take immense pride in our commitment to foster good character, which is the foundation upon which meaningful success is created.

Held under the aegis of the Amity Educational Resource Centre; a gateway to the world; AIMUN is the largest and one of the most dynamic international initiatives within Amity, standing as a shining reflection of this philosophy. This conference is not only a platform for critical thinking and global discourse, but a crucible where perspectives and identities are forged. From the diversity of committees and agendas to the inclusivity of thought and representation, every aspect of AIMUN empowers students to think beyond borders while staying grounded in humanity.

The tagline for AIMUN 2025, **चरित्रं हि धनोत्तमम्!**, reinforces the idea that character is the most valuable wealth a person can possess. This belief is deeply aligned with our respected Founder President Dr. Ashok K Chauhan's guiding philosophy of BHAAG; Behaviour, Hard Work, Ambition, Attitude and God, which serves as a reminder that character is built through how we conduct ourselves, the effort we put forth, the aspirations we pursue, the mindset we nurture, and the faith we uphold. We believe that such experiences leave a lasting impact not just on the mind but also on the character, reflected in the way delegates engage, challenge and collaborate throughout the conference.

As we step into another edition of AIMUN with renewed passion and purpose, I invite all participants to bring not just their intellect but also their empathy, curiosity and most importantly their character.

Dr.(Mrs) Amita Chauhan
Chairperson, RBEF & Amity Group of Schools

Message from Ms. Jyoti Arora, Charge D' Affaires

Discourse and discussion are what create novel ideas in the world. With a resolve for youth to be infused with skills of diplomacy, astute analysis and compassion to ameliorate the lives of people across the globe, our respected Chairperson, Dr.(Mrs.) Amita Chauhan Ma'am, presented AIMUN, the biggest international initiative in Amity before us. Being held under the aegis of the Amity Educational Resource Centre, and having its 16th edition in India this year, AIMUN has witnessed the transmutation of students into the leaders of tomorrow.

With every placard raised, and every proposal presented, each delegate's cadence intensifies into passion for a better world. It is a gateway to the world which enables the exchange of perspectives which transcend national borders with International Schools from France, Russia, Belgium and Hong Kong participating offline and about 15 schools joining online. An opalescent fusion of cultures, language and thoughts in an experience like no other.

Each year, the conference walks alongside the golden footsteps of our Chairperson ma'am's vision. This year channeling itself to the idea of **चरित्रं हि धनोत्तमम्!**, meaning that one's character is their wealth. One's character is a product of their morals. It is what allows one to make connections and have positive human interactions, deeming it an essential in all aspects of life. AIMUN is the very space which catalyses the interaction of ideas, even online through our hybrid mode system and enables them to multiply into tangible change.

Message from Mr. Sumedh Kapoor, Chef De Cabinet

AIMUN has never been just a conference. It's a living, breathing exchange of voices from around the globe and a vibrant arena where young minds engage in dialogue, diplomacy, and solution-building for a better world. This year's thought-provoking agendas, from defending our planet to bridging gaps in opportunity, invite you to think boldly, act with heart and see the world through many eyes.

Guided by the vision of our respected Chairperson, Dr. (Mrs.) Amita Chauhan Ma'am, whose visionary leadership and unwavering belief in youth empowerment have been the guiding light of AIMUN. Her dedication continues to inspire us to foster collaboration, compassion, and global citizenship. Our theme for 2025, **चरित्रं हि धनोत्तमम्!** is rooted in our Founder President's guiding philosophy of BHAAG: Behaviour, Hard Work, Ambition, Attitude and God. These are not just words, but principles that shape how we lead, how we collaborate, and how we create change.

As you step into this conference, bring with you not only your knowledge and research, but also your empathy and your curiosity. Let these days be a journey that sharpens your mind, strengthens your spirit and deepens your resolve to make a difference. Welcome to AIMUN 2025, where your character will be your greatest contribution.

FROM THE CORE, THE SECRETARIAT'S LORE

Sanjana Chauhan– Secretary General

I am filled with immense pride and gratitude as I assume the role of Secretary-General for AIMUN 2025, the 16th edition of this prestigious conference.

Each year, AIMUN gathers passionate delegates from around the world. These individuals come together to engage in meaningful dialogue, debate critical global issues, and draft resolutions that embody diplomacy and empathy. It is truly inspiring to witness young minds from diverse cultures and perspectives uniting under one platform in the spirit of collaboration and positive change.

This year, guided by the theme “Character is the Greatest Wealth,” we continue our legacy of shaping responsible and future-ready global citizens. I am deeply thankful to AIMUN for this incredible opportunity and look forward to the journey ahead.

Parth Katoch Deputy Secretary General

“Diplomacy is the art of building bridges, not walls.”

Over my four years in the Model United Nations world, playing several roles, as a delegate, Executive Board member and

now Deputy Secretary-General of AIMUN 2025, I have witnessed these bridges being constructed in real time. I have witnessed passionate debates evolve into groundbreaking resolutions, and I have learned that the most powerful voices are those that strike a balance between conviction and empathy.

During AIMUN, you will have the same opportunity to connect ideas, cultures, and people. Every motion you raise and every resolution you draft has the potential to make an impact. So, bring your passion, intellect, and courage. Together, we will turn dialogue into diplomacy and diplomacy into change, just as AIMUN has done time and again.

Raabia Ali Abidi Director General

It is my honor to serve as the Director General of AIMUN 2025 as we celebrate 16 years of fostering diplomacy, dialogue, and ideas. Debate and diversity of thought are not obstacles,

rather, they drive progress. For true innovation to emerge, we need open debate.

As we welcome delegates from around the world, AIMUN 2025 becomes a vibrant tapestry of cultures, ideas, and perspectives. In the true spirit of Atithi Devo Bhava (The guest is equivalent to God), we warmly invite our international participants to shape solutions that transcend borders.

It is better to debate a question without reaching a conclusion than to reach a conclusion without debate. Let AIMUN 2025 be the conference where every devery interaction plants the seeds for a better future.

Arhant Singh USG Crisis

It is my biggest privilege to serve as the USG Crisis for AIMUN 2025 as it celebrates a milestone of 16 years. Crisis committees thrive on surprise, and I encourage every delegate to embrace that with enthusiasm

I look forward to debates that are lively, plans that are creative, and moments that foster friendships.

AIMUN is a training ground for the leaders of tomorrow and an event where every delegate will leave feeling more aware of the world than ever before. I see this conference as a place where ideas ignite and delegates create bold solutions.

As Atal Bihari Vajpayee once said, “Our words, our actions, and our resolve must match the challenges we face.” This sentiment perfectly describes the changing world we live in today.

Anushree Khandelwal USG Crisis

MUNs are not just debates. They are arenas of strategy, adrenaline, and persuasion. AIMUN is where sharp ideas and unexpected alliances emerge. Every delegate brings more than a stance; they bring

ideas that can shift the course of the future. Whether it is your first conference or not, walk in knowing that your words can set precedents, shape solutions, and move people. Speak with clarity, negotiate with purpose, and listen with intent, because the moment you least expect may become your breakthrough.

The best MUN moments are never scripted. They happen in the unplanned compromises, the hectic drafting sessions, and the bold speeches that hold a room in rapture. I am excited to see the energy, intellect, and fire you bring to AIMUN this year.
